Abstract

Exception in hadit Between Theory and Practice Through Sahih al-Buhariy

Wejdan Abdellatief Al-Shamayleh

Mu'tah University, 2006

Exception is one of the most important grammar approaches that became common in the Arabic speech, and attracted the grammarians attention since the past time.

The study on the exception approach was a theoretical and applied one, through it, I observed the Hadiths that reported in Saheih Al-Bukhari regarding exception issues, then I classified these Hadiths, distributed them according to the various matters, I studied these attestations by depending on the views of grammarians elucidators through the descriptive approach.

The importance of this study related for the importance of studying Hadith.

This study is devided into six chapters and a close as follows:

The first chapter: excepted from: In this chapter I dealt with the excepted from matters rules, its relation with excepted and the impact of this on identifying the exception sort. If the exception sort is mentioned, then it is complete, but if not mentroned, then its will be evacuated.

The second chapter: The different exceptional particles I mentioned it rules and the related grammarians opinions and attested by the reported once in Hadith.

The third chapter: The excepted: I dealt with the excepted grammar rules, sorts of exception the matter of preceding and postponement, and the excepted omission.

The fourth chapter: The dependent in exception. I dealt with depending prerequisites, when it is allowed and prohibited, description about the excepted and its judgment if the particle was except (ellà) and the judgment if the particles were other (Siwà)or (ġayr).

The fifth chapter: Exception, Figh or jurisprudence judgments: I dealt with controversial Hadiths that grammarians argued about them, and which the exception had a role in the Figh judgment issued by Fagihs.

The sixth chapter: Exception and modern linguistics curriculums, I dealt with exception, the descriptive approach, exception and transformation and government approach, exception and descriptive approach.

The Close: in the close I dealt with the most important conclusions of this study.
